

👤 Summary

ECE undergraduate (CGPA:8.23) Motivated 3rd-year engineering student with a strong interest in both software and hardware systems. Hands-on experience in projects like Fire Fighting Robot and Gesture Control Device, combining programming and electronics. Quick learner eager to apply skills in real-world applications.

📊 Skills

SystemVerilog

DSA

🎓 Education

Anil Neerukonda Institute Of Technology And Sciences

B.Tech–Electronics and Communication Engineering, CGPA: 8.23/10

Sri Vidya Junior College

Intermediate(ClassXII), 95.3%

St'anees English Medium School

SecondarySchool(ClassX), CGPA: 10/10

🏆 Achievements

- Participant in Hardware Expo and technical seminars
- Volunteer in college technical activities
- Participated in business combat

⚙️ Certifications

- VLSI Design Verification Internship– Abhyasa Semicon Technologies
- Phython-infosys springboard

📄 Projects

- **FIRE FIGHTING ROBOTS** : Designed and developed a Fire Fighting Robot capable of detecting and extinguishing fire using sensors and a microcontroller.
- **GESTURE CONTROL** : Developed a Gesture Control Device that interprets hand movements using sensors and controls system actions wirelessly.
- **AUTOMATIC NIGHT LED** : Designed an Automatic Night LED using a 555 Timer that automatically turns ON in low-light conditions and OFF in daylight.
- **PATIENT MONITORING SYSTEM** : Developed a Multi-Parameter Patient Monitoring System to continuously measure ECG, body temperature, SpO₂, and respiration rate.

Intrests & Hobbies

- * Problem-solving and logical thinking challenges
- * Coding and experimenting with new programming concepts
